4. Enrolment numbers and turnout

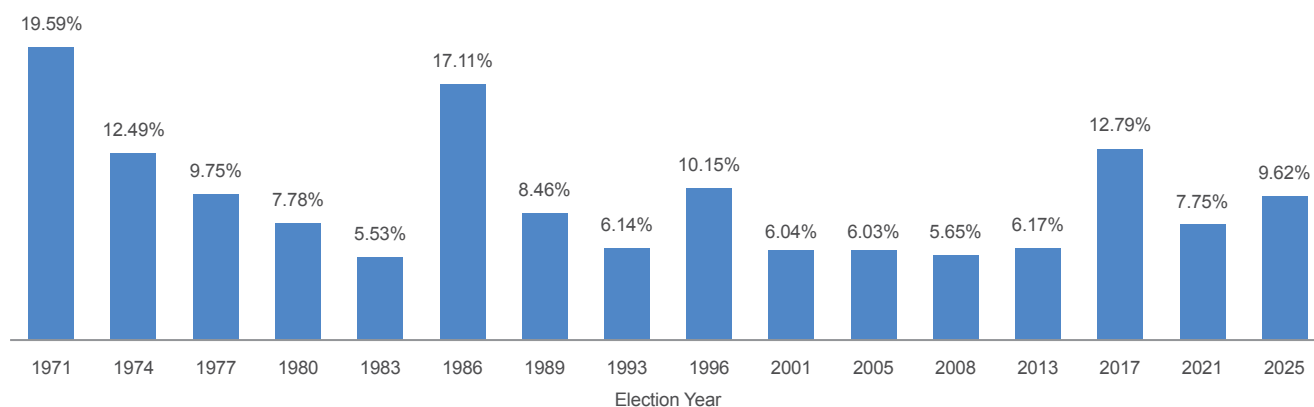

From the 2025 WA State Election, enrolment numbers are based on the Close of Poll.

Legislative changes made in December 2023 (Electoral Amendment (Financial and Other Matters) Act 2023) enable a person entitled to be enrolled to vote on a polling day (s.97G of the *Electoral Act 1907*)

Elector numbers 1971 to 2025

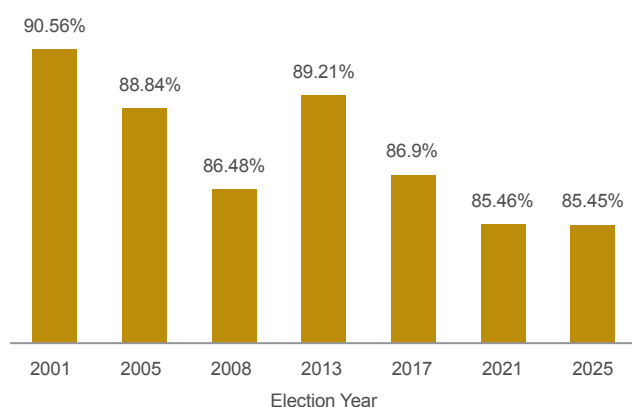

Percentage increase in enrolment 1971 to 2025

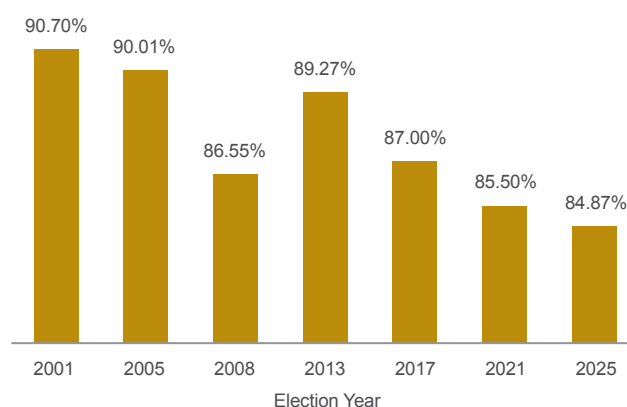

Voter turnout was almost the same for the Legislative Assembly but decreased in 2025 by 0.63% for the Legislative Council compared to 2021.

Voter turnout - Legislative Assembly

Voter turnout - Legislative Council

Note: Voter turnout does not include figures for absent, early and provisional votes rejected for not complying with the requirements of the *Electoral Act 1907*. Slight variations in voter turnout between Legislative Assembly and Legislative Council can be caused by voters not returning both postal ballot papers or only placing one of their ballot papers in the ballot box.

5. Voter participation

The following table indicates the number of electors on the roll as at 6pm Saturday 8 March for each age band, together with the number and proportion of those electors recorded as having attempted to vote. The 'voted' and '% voted' categories include voters whose votes were either formal or informal. It also includes absent, early and provisional votes that were subsequently rejected for non-compliance with the *Electoral Act 1907*.

Where the date of birth of an elector is not known, or was not provided, the age has been categorised as 'unknown'.

8. Legislative Assembly informal voting

The Statewide average rate of informal votes in the Legislative Assembly at this election was 4.32%

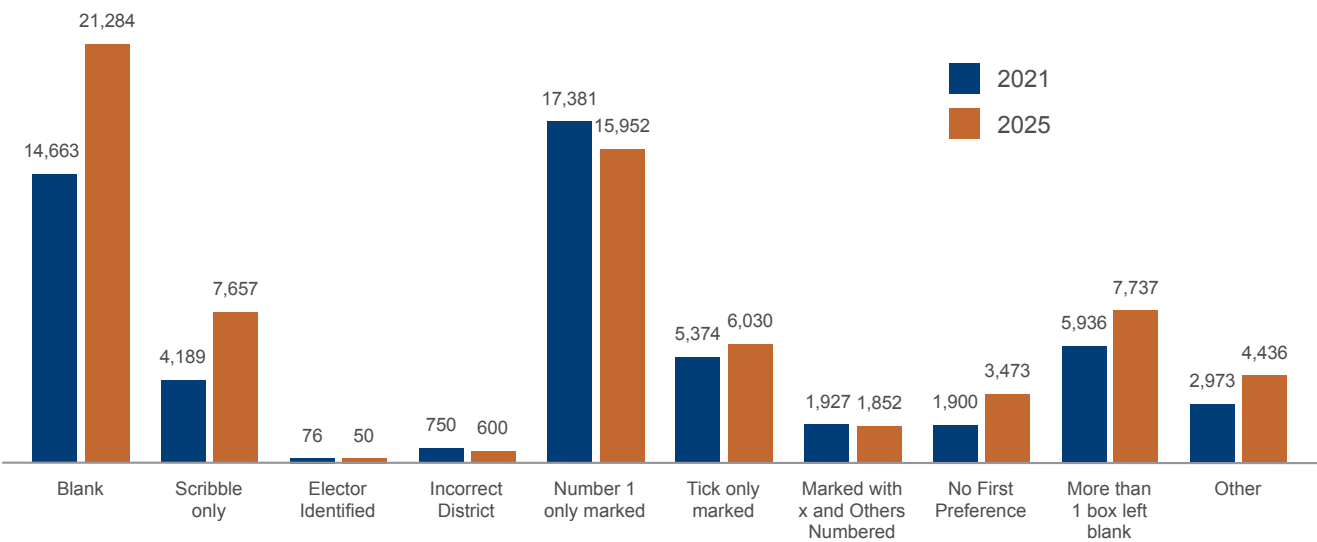

Ballot papers which are blank, do not show preferences in accordance with instructions and/or legislative requirements, or do not make the voter’s intention clear are classified as informal. A ballot paper will also be informal if the voter can be identified through a marking on it. Informal ballot papers do not contribute to the election of a candidate and are not included in calculating the absolute majority required for election.

Those marked with only a first preference comprised 24.51% of all informal ballot papers. A further 11.89% of ballot papers had more than one box left blank and 9.27% of ballot papers contained only a tick mark. Blank papers comprised 32.71% of all informal ballot papers.

Early voting (by post and in person) figures, while issued separately, have been aggregated as early votes in the graph below. This has been undertaken to provide for easier comparison with reports of previous elections.

From 2025 WA State Election, enrolment numbers are based on the close of poll.

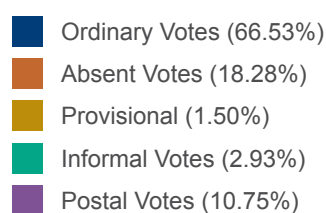

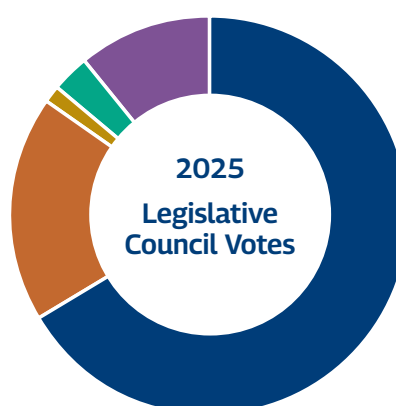

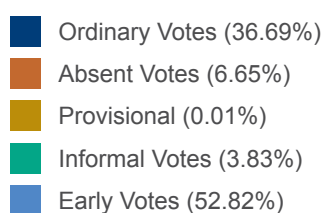

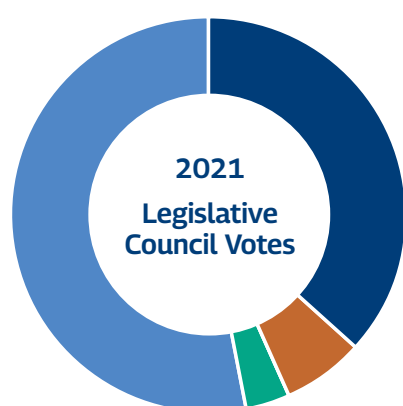

Legislative changes made in December 2023 (Electoral Amendment (Financial and Other Matters) Act 2023) enable a person entitled to be enrolled to vote on a polling day (*s.97G of the Electoral Act 1907*)
