

Results and Statistics

Foreword

This report provides a statistical overview of the State General Election held on Saturday 9 March 2013 to elect the 39th Western Australian Parliament. It includes detailed results data down to the polling place level for all Legislative Assembly districts and Legislative Council regions.

The 2013 general election was the first conducted under changes to the *Electoral Act 1907* to fix polling day as the second Saturday in March every four years, and was also the first general election to not operate a central tally room on election night.

In total 291 candidates contested 95 vacancies. This was down slightly on the 2008 election where 302 candidates stood. Likewise the number of registered political parties that nominated candidates at the election also fell, reducing to seven from 10 in 2008. Fourteen new members were elected to the Legislative Assembly – eight from the Liberal Party, three from The Nationals, and three from WA Labor.

The composition of the Legislative Assembly is :

Liberal Party	31 members
The Nationals	7 members
WA Labor	21 members
Total	59 members

In accordance with the above results, the Liberal-National alliance formed the new Government. The margins for all 59 districts are depicted graphically on page 23, with Wagin showing as the 'safest' district and Midland the most 'marginal'.

In the Legislative Council, a total of 12 new members were elected, with the newly registered Shooters and Fishers Party winning a seat in the Agricultural Region.

The composition of the Legislative Council is:

Liberal Party	17 members
Shooters and Fishers	1 member
The Greens (WA)	2 members
The Nationals	5 members
WA Labor	11 members
Total	36 members

There were no independent candidates elected to the 39th Parliament.

This report also contains detailed statistics about the different vote types and classes recorded at the election. For example, it highlights a significant increase in the total number of early votes (in person) lodged and a rise in the percentage of informal votes cast for the Legislative Assembly.

This report is a companion volume to the *2013 State General Election: Election Report*, which describes the conduct of the election in more narrative terms.

Registered Political Parties in Western Australia

The following table shows the names and abbreviations of the registered political parties that nominated candidates in the 2013 State General Election. In 2013 there were seven registered political parties compared with ten for the 2008 State General Election.

Full Party Name	Ballot Paper Name	Abbreviation
Australian Christians (WA)	Australian Christians	ACP
Australian Labor Party (Western Australian Branch)	WA Labor	ALP
Family First Party WA	Family First	FFP
National Party of Australia (WA) Inc	THE NATIONALS	NAT
Shooters and Fishers Party (WA) Inc	Shooters and Fishers	SFP
The Greens (WA) Inc	The Greens (WA)	GRN
The Liberal Party of Australia (Western Australian Division) Inc	Liberal Party	LIB

Under section 113C of the *Electoral Act 1907*, candidates may apply to have the name of a registered political party, a composite name of two registered political parties, or the word *Independent* printed adjacent to their name on a ballot paper.

In the case of Legislative Council candidates, section 80 of the Act allows two or more candidates to apply to have their names included in a group on the ballot papers for a region in the order that they specify.

Enrolment Numbers and Turnout

The growth in enrolment numbers at successive State general elections has continued with a 6.17% increase.

Voter Turnout

Voter turnout increased by 2.73% for the Legislative Assembly and by 2.72% for the Legislative Council compared with 2008.

Note: Voter turnout does not include figures for absent, early and provisional votes rejected for not complying with the requirements of the *Electoral Act 1907*.

Voter Participation

The following table indicates the number of electors on the roll as at Thursday 14 February 2013 for each age band, together with the number and proportion of those electors recorded as having attempted to vote. The 'voted' and '% voted' categories include voters whose votes were formal and informal. It also includes absent, early and provisional votes that were subsequently rejected for non-compliance with the *Electoral Act 1907*.

Where the date of birth of an elector is not known, or was not provided, the age has been categorised as 'unknown'.

Legislative Assembly Elected Members of Parliament

The following is a summary of the number of elected candidates in the Legislative Assembly for each political party. The Liberal Party has a majority of three seats and has sufficient numbers to form executive government in its own right. The government's majority increases when THE NATIONALS' seven seats are included giving the Liberal/National Alliance a 38 seat majority over the opposition Labor Party.

Table 2

This table shows the final distribution of preferences for districts where one of the two most preferred candidates was not from the Labor or Liberal party. For the purpose of statistical analysis, the ballot papers from the districts of Central Wheatbelt, Eyre, Geraldton, Kalgoorlie, Kwinana, Moore, North West Central, Pilbara, Wagin and Warren-Blackwood were notionally distributed in an attempt to identify an indicative Labor/Liberal two party preferred result. The results of these distributions appear on the following page - Two Party Preferred Analysis (districts where one of the preferred candidates was not a member of the Labor or Liberal party).

Legislative Assembly Informal Voting Summary

Informal Voting

The percentage of informal votes increased by 0.68% in the Legislative Assembly in this election.

Ballot papers which are blank, do not show preferences in accordance with instructions and/or legislative requirements, or do not make the voter's intention clear are classified as informal. A ballot paper will also be informal if the voter can be identified through a marking on it. Informal ballot papers do not contribute to the election of a candidate and are not included in calculating the quota or absolute majority required for election.

Blank ballot papers comprise 21.23% of all informal ballot papers. A further 10.95% of ballot papers were scribbled on and 13.08% of ballot papers contained only a tick mark. The largest group of informal votes, those marked with only a first preference, comprised of 33.30% of all informal ballot papers.

Legislative Council Informal Voting Summary

Informal Voting

The rate of informality for the Legislative Council in 2013 remained steady at 2.83%, the same percentage recorded in 2008.

Ballot papers that are blank, do not show preferences in accordance with instructions and/or legislative requirements, or do not make the voter's intention clear are classified as informal. A ballot paper will also be informal if the voter can be identified through a marking on it. Informal ballot papers do not contribute to the election of a candidate and are not included in calculating the quota or absolute majority required for election.

In summary 'blank' ballot papers constituted 46% of all informal votes recorded and ballot papers that were 'scribbled' on comprised a further 21%.

Region Profiles and Election Results

The following section contains a region profile and election results for all 6 electoral regions.

Each profile includes the following information:

- outline map of region
- area
- quota required
- names of elected members
- number and gender of electors as at close of roll
- age break-up of electors
- name of Returning Officer.

The election results show the first preference votes for each district within the region at polling place level as well as the consolidated summary at region level.

* Until 1970, the Governor in Council had the power under the provision of section 41 of the *Constitution Act 1889* to fix different dates for election in the different districts. According to section 71(3) of the *Electoral Act 1907* the same date shall be fixed for the polling in each region or district, as the case requires, however elections for northern seats were still held separately until 1930.

In 2011 legislation was proclaimed that introduced fixed date elections, with polling day to be held on the second Saturday in March every four years.

State General Election Dates – Legislative Council

Year

- 1832 The first sitting of the Legislative Council was held on 7 February 1832. The first constituted Legislative Council consisted of five official members nominated by, and including, the Governor.
- 1870 Under the terms of the *Australian Colonies Government Act 1850*, 12 elected councillors together with six nominated by the Governor, three official and three non-official, formed the Legislative Council.
- 1887 By 1887 the Legislative Council had increased to a total of 26 members.
- 1894 The first fully elective Legislative Council was elected on 16 July 1894. Twenty-one members were elected, three from each of seven provinces, one to retire every two years. Enrolment to vote was based on a restricted property franchise.
- 1965 Commencing from 1965, conjoint State General Elections were held for the Legislative Assembly and Legislative Council.

The following table shows the State General Election dates for the Legislative Council since 1894:

Preferential Voting System – Legislative Assembly

Preferential voting is a system whereby a candidate must receive an absolute majority of the total formal vote (i.e. in excess of 50%) in order to be elected to the vacancy.

Under a full preferential system, a voter is required to indicate a preference for each candidate on the ballot paper by using the numbers 1, 2, 3 and so on up to the number of candidates. If, after all first preference votes have been counted, no candidate has obtained an absolute majority of all formal votes then the candidate with the fewest number of first preference votes is excluded from the count. The excluded candidate's second preference votes are then distributed to the remaining candidates at this stage.

If, after that exclusion, no candidate has obtained an absolute majority of formal votes the next remaining candidate with the fewest votes is excluded and all of his or her votes (second preferences and those received from the previously excluded candidate) are distributed to the remaining candidates.

The above process is repeated until one candidate obtains an absolute majority of formal votes, at which point they are to be declared duly elected. Since 1989 preference distributions are required to continue until there are only two remaining candidates, even if one has already been declared elected.

The absolute majority is calculated excluding informal and exhausted votes. An example of the above process is shown below for the District of Kalgoorlie in 2013.

Example Full Distribution of Preferences

Count	ALP Winner	NAT Duncan	ACP Patterson	LIB Price	GRN Hall	Total Formal Votes	Exhausted Votes	Total Votes
First Preference Votes	1,928	3,717	202	3,748	450	10,045		10,045

Step 1

The absolute majority at this stage of the count is 5,023. As no candidate has achieved this on first preference votes, Patterson, the candidate with the fewest number of first preference votes is excluded. The excluded candidate's second preference votes are then distributed to the remaining candidates. Those votes are then added to the remaining candidates' progressive totals. Exhausted votes are formal; however, these are not added to any candidate's progressive total as no consecutive preference has been indicated for the remaining candidates on the ballot paper (e.g. ballot papers were marked 1, 2, 2, 2 or 1, 2, 3, 3).

Count	ALP Winner	NAT Duncan	ACP Patterson	LIB Price	GRN Hall	Total Formal Votes	Exhausted Votes	Total Votes
			Excluded					
First Distribution	24	80	-202	73	24	201	1	202
Progressive Total	1,952	3,797		3,821	474	10,044	1	10,045

Step 2

At this stage of the count, 5,023 votes are still required for an absolute majority. As no candidate has yet achieved this Hall, the candidate with the fewest number of votes following the first distribution (474) is excluded next. The excluded candidate's second preference votes from the first preferences (450) are then distributed to the remaining candidates, and the third preference votes from the first distribution (24) are also distributed to the remaining candidates and added to their progressive total.

Count	ALP Winner	NAT Duncan	ACP Patterson	LIB Price	GRN Hall	Total Formal Votes	Exhausted Votes	Total Votes
					Excluded			
Second Distribution	209	157		107	-474	473	1	474
Progressive Total	2,161	3,954		3,928		10,043	2	10,045

Step 3

After the second distribution 5,022 votes are required for an absolute majority. The process in step 2 is repeated at this stage and Winner is the next candidate excluded. His votes (2,161), which include all those transferred to him during the first and second distributions, are distributed to the remaining two candidates, Duncan and Price.

Count	ALP Winner	NAT Duncan	ACP Patterson	LIB Price	GRN Hall	Total Formal Votes	Exhausted Votes	Total Votes
	Excluded							
Third Distribution	-2,161	1,697		451		2,148	13	2,161
Progressive Total		5,651		4,379		10,030	15	10,045

As there are only two candidates remaining, the candidate with the absolute majority is elected. The absolute majority at this stage of the count is now 5,016, with the 15 exhausted votes having the effect of reducing the absolute majority.

Result

Wendy Duncan (NAT) is elected as the member for Kalgoorlie with a majority of 1,272 votes.

Proportional Representation Voting System – Legislative Council

This is a voting system used in multi-member electorates which is designed to ensure that the number of successful candidates from each party and independents reflects as closely as possible the total vote received as a proportion of all the formal votes cast in an election. To be successful, a candidate is required to receive enough votes to reach a quota (not an absolute majority) that is based on the number of formal votes and the number of candidates to be elected. The Legislative Council of the Parliament of Western Australia is elected using a proportional representation system.

In very general terms, under the notion of proportional representation, if a party or candidate received approximately 15% of the formal vote then that party or candidate would gain 15% of the seats in the Parliament. Thus if a political party received 15% of the vote in the Mining and Pastoral Region it could expect to gain one of the six seats allocated to this region.

The quota required is calculated using the following formula:

$$\frac{\text{Number of formal votes per region}}{(\text{Number of MLCs to be elected per region} + 1)} + 1 = \text{quota required}$$

For example:

Mining and Pastoral Region

$$\frac{57,146}{(6 + 1)} + 1 = 8,165$$

In this example for the Mining and Pastoral region a candidate would need 8,165 votes (or 14.29%) to be elected.

Note: The fraction is obtained by dividing the number of formal votes (57,146) by the number of MLCs (6) plus 1. The fraction is rounded down before the 1 is added to ascertain the required quota (i.e. 8,165).

Surplus Votes

Candidates who receive a number of votes equal to or greater than the quota are elected immediately. Any votes of these elected candidates that are surplus to the quota are transferred to the remaining candidates at a reduced value known as a 'transfer value'. The transfer value is calculated as follows:

$$\frac{\text{Candidate's number of surplus votes}}{\text{Total number of ballot papers the candidate received}} = \text{transfer value}$$

Excluding Candidates

If at any stage there are no candidates with a surplus of votes and not all Council seats have been filled, the candidate with the fewest votes is excluded from the count.

The excluded candidate's ballot papers are distributed to the remaining candidates at the same vote value as they were received. In some counts this will mean ballot papers are transferred at the value of 1 while others will have various transfer values.

This process of distributing surplus votes from elected candidates and excluding the candidate with the fewest votes is continued until all vacancies are filled.
